Manufacturers' Representatives for Water & Waste / Petrochemical / Power / Industry

INDUSTRIAL PRODUCTS

CHEMICAL FEED SYSTEMS

Custom-built liquid and dry chemical feed systems (skid-mounted or separate components) for all industrial applications including:

- Industrial Waste Treatment
- Cooling Tower Treatment
- Petroleum Processing
- pH Neutralizing Systems
- Power Plants
- Boiler Treatment
- Food / Beverage Processing
- Integrated Instrumentation Packages

CHEMICAL FEED PRODUCTS

- Acid Neutralization Systems
- Back Pressure Valves
- Bulk Bag Unloaders and Filters
- Calibration Cylinders
- Chemical Injection Quills
- Chemical Process Equipment
- Chemical Weigh Scales
- Drum Pumps
- Dry Chemical Feeders
- Gas Chlorination
- Polymer Blending / Dilution
- Pressure Relief Valves
- Pulsation Dampeners

AIR HANDLING

- Chemical Media/Modules
- Corrosion / Odor Control Systems
- Gas Scrubbing
- Indoor Air Quality / Energy Conservation
- Mixing / Ozone Aeration
- Molecular Air Filtration / Scrubbers
- Pathogen Removal
- Precipitators
- Waste Heat Recovery
- Wet Scrubbers

STRAINING / FILTRATION

- Liquid Filters
- Sand Separators
- Self-Cleaning Automatic Strainers
- Suction Screens / Filters
- Vibrating Feeders / Screens
- Volumetric Screw / Belt Feeders
- Wye Strainers

ELECTRICAL

- Control Panels
- Motors
- Programmable Logic Controllers (PLC)
- Variable Frequency Drives (VFD)

WATER / WASTEWATER TREATMENT

- Field-Erected Treatment Plants
- High Purity Water Generation Equipment
- Modular Wastewater Treatment Plants
- Temporary Bypass Plants

PUMPS

- Air-Operated Diaphragm (AOD) Pumps
- Axial-Insertion Type Pumps
- Booster Pumps
- Diaphragm Metering (Motor & Solenoid) Pumps
- Drum Pumps
- Gear (Sealed-End Magnetic Drive) Pumps
- Metallic, Sealless, Centrifugal Pumps
- Peristaltic / Hose Type Pumps
- Regenerative Turbine Pumps
- Rotary Lobe Pumps
- Rotary Positive Displacement 3-Screw & Gear Pumps
- Rotary Positive Displacement Twin Screw and Gear Pumps
- Solids Handling Pumps
- Thermoplastic Pumps

TANKS

- Carbon Steel Tanks
- Crosslinked Polyethylene Tanks
- Fiberglass (FRP) Tanks
- Linear Polyethylene Tanks
- Stainless Steel Tanks

INSTRUMENTATION

- Analyzers
- Chemical Feed Controllers
- Chemical Flow Meters / Switches
- Diaphragm Seals
- Electronic Level Measurement
- Loop Indicators
- Mechanical Level Measurement
- Particle Counters / Monitors
- Pressure Gauges
- Pressure Indicators / Switches
- Pressure Transducers / Transmitters
- Sight Flow Indicators
- Temperature Indicators / Switches
- Weighing Systems / Load Cells

MIXERS

- High Shear Mixers
- Rapid Mixers
- Side Entry Mixers
- Static Mixers
- Submersible Mixers
- Tank Mixers

VALVES

- Back Pressure Valves
- Ball Valves
- Needle Valves
- Pressure Relief Valves
- Solenoid Valves

SPECIALTY PRODUCTS

- Air Coolers
- Automatic Backflushing Filters
- Comminutors
- Custom Control Panels
- Fiberglass Shelters / Enclosures
- Grinders
- Level Gauges
- Plate Heat Exchangers
- Prime Surface Heat Exchangers
- Rainwater Recovery Systems
- Shell and Plate Heat Exchangers

SYSTEMS INTEGRATION

FIELD SERVICE

LICENSED ENGINEERING CONTRACTOR

- Application Engineering Assistance
- Integrated Instrumentation Packages
- Engineering and Design Services
- Impeller Replacement
- Local Parts Inventory
- Mobile Water Purification Systems for Disaster / Emergency Use
- Prefabricated Skid-Mounted Equipment Packages
- Project Management
- Repair / Testing / Calibration
- Routine Preventative Maintenance (RPM)
- Training Programs
- Variable Frequency Drive (VFD) Retrofit / Replacement
